Meet Today's Guest

- ✦ In this session, Rex is happy to welcome Rob Sabourin.
- ✦ Robert Sabourin has more than 38 years of management experience, leading teams of software development professionals.
- ✦ He has managed, trained, mentored and coached thousands of top professionals in the field.
- ✦ Rob frequently speaks at conferences and writes on software engineering, SQA, testing, management and internationalization and is the author of "I am a Bug!", the popular software testing children's book.
- ✦ He is an adjunct professor of Software Engineering at McGill University and the principal consultant of AmiBug.Com, Inc.

Today's Topic: Experiences in Exploratory Test Automation

- ❖ Challenges for software testing amidst turbulent project contexts and frequently changing business, technology, and organizational factors
- ❖ Many different test automation techniques to facilitate the control and observation of software
- ❖ Limitations of test automation techniques in continuous integration and deployment processes
- ❖ How test automation tools, methods, and techniques can be effectively used to facilitate, and improve the efficiency of, exploratory testing.

...*Contact RBCS*

For over 25 years, RBCS has delivered consulting, training, and expert services to clients, helping them with software and hardware testing. Employing the industry's most experienced and recognized consultants, RBCS advises its clients, trains their employees, builds and improves testing groups, and hires testing staff for hundreds of clients worldwide. Ranging from Fortune 20 companies to start-ups, RBCS clients save time and money through improved product development, decreased tech support calls, improved corporate reputation and more.
